

K-LOVE is such an amazing radio station. All over this country there have been numerous lives that have been reborn just because listeners have such a powerful, Christian, radio station to listen to. It is so encouraging to just be able to turn on the radio and be able to pick up K-LOVE. The music that is played is so inspiring and uplifting. So many Christians are standing up and supporting K-LOVE so they can stay on the air and continue to change the lives of everyday people. I ask that you would please reconsider giving LPFM priority over FM translator service. Thank you
